About This Game

The plot of the game tells us the story of a lookout who witnessed the advancing forces of darkness. The guard, armed with just one crossbow, decides to warn his comrades with the help of signal lights.

Dark burial is a 2D platformer with a side view, the task is to complete the level and light the signal fire. On the way to the hero's cherished goal, we are waiting for a lot of puzzles that can be solved with the help of your crossbow and arrows. A huge number of enemies and traps will not make you bored.

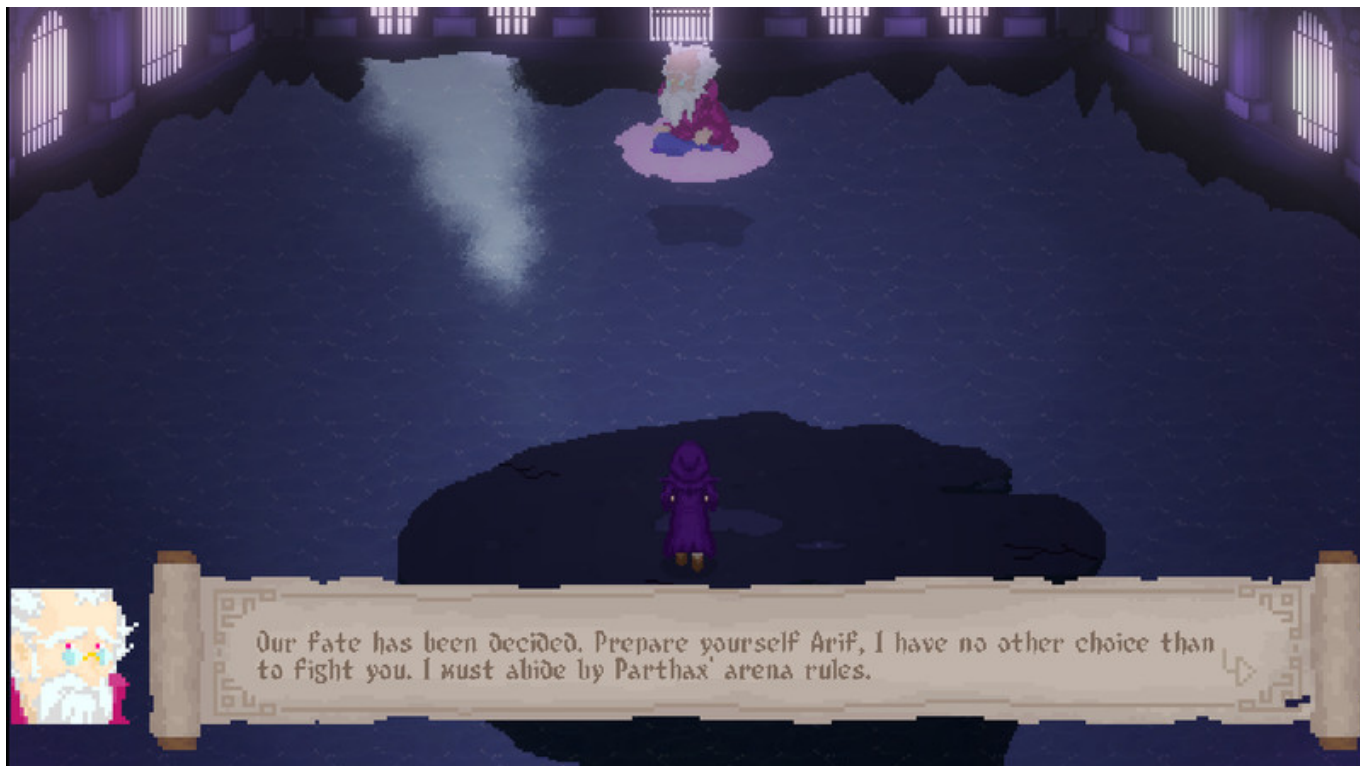

Features:

- 12 challenging levels
 - Pixel graphics
 - gloomy soundtrack
- Bosses

English

Our fate has been decided. Prepare yourself Arif, I have no other choice than to fight you. I must abide by Parthax' arena rules.

BLESSING 28943 +

Vera, Goddess of Earth

5d 18h

Extend Blessing

2d 18h

While nourishing all things, the Goddess of Earth, Vera, also protect her believers. No matter how difficult the situation is, it will eventually be resolved under her sanctuary.

These items will have their crafting time reduced by **-20 %**

By activating the Altars, you can use the Fire Seeds to light the altars to get the Blessing of the Gods. Each fire lit can last for 10 days, and the blessing could reduce the crafting time of certain four types of items.
